

Justice & Mercy Intern Expectations

The Justice and Mercy intern(s) are responsible for the ongoing engagement of students in activities where our hands and feet are put to work. Throughout the year we would like to encourage students to participate in service orientated activities. The Justice & mercy Intern will ensure:

- Continued participation in weekly baking for St. Joes Supper Table
- Connect with Knox Presbyterian Church to connect students with the Out of the Cold program
- Lead other activities related to social justice causes, advocacy, care of poor, elderly or various needs that would encourage students to consider their role in loving our neighbours.
